Research Paper No. 29
(Supplement)
FOREWORD

All publications listed in this supplement have been issued by the Intermountain Station since 1955. Research Paper 29 and Supplement 1 report papers published through 1955.

The publications have been grouped under the following general headings:

<table>

<tbody>
<tr>
<td>Forest Economics</td>
<td>1</td>
</tr>
<tr>
<td>Forest Management</td>
<td>2</td>
</tr>
<tr>
<td>Forest Protection (Fire, Disease, and Insects)</td>
<td>4</td>
</tr>
<tr>
<td>Forest Survey (Photogrammetry)</td>
<td>9</td>
</tr>
<tr>
<td>Forest Utilization</td>
<td>23</td>
</tr>
<tr>
<td>Range Management</td>
<td>25</td>
</tr>
<tr>
<td>Watershed Management</td>
<td>26</td>

</table>

Publications marked with an asterisk (*) are no longer available. Copies of others may be had upon request to the Director, Intermountain Forest and Range Experiment Station, Ogden, Utah, as long as supplies last. Forestry school libraries receive 5 copies of all station publications. Student requests for publications required for class use should be forwarded by the professor making the assignment.

Publications no longer available for distribution may be consulted at Department of Agriculture sublibraries, forest school and agricultural college libraries, many other research libraries throughout the country, and at Forest Service Experiment Stations.
